**Subject:** [External] Electrical Rate Increases

Hello,

I am writing to you as a senior living in Mount Pleasant, SC. Our electrical rates are very , very high and I am questioning why such a substantial increase is necessary. We moved to Mount Pleasant and am finding the normal costs for living here to be much higher than expected. If the electrical rates are increased as requested you will be driving people away from this lovely area.

Unfortunately, I am not available to speak this evening and it was suggested that I express my opinion within this email.

I sincerely hope every effort will be made to lower the requested rate increase.

Thank you.

Sincerely,  
Laura Diehl
